EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows to cancel a claim to a non-elected claim, which was non-elected without traverse:

Claim 57 was canceled.

2. Claims 50-56 and 58-66, as filed in the amendment filed 29 October 2003, are allowed.

3. The following is an examiner's statement of reasons for allowance: The two closest prior art references are Seymour (US 5,380,492) and Bogema (US 6,248,598). Neither of these references discloses the claimed "blocking strip coupled between and in flow communication with the lateral flow assay strip and the collection strip" (which is required by both independent claims, 50 and 54). Additionally, Bogema (US 6,248,598) does not disclose claimed assay strip having "a first, narrow end contained within the housing and in fluid communication with the assay strip [and] a second, enlarged end protruding from the fluid receiving end" as required by independent claim 50 nor does Bogema (US 6,248,598) disclose the narrower and wider parts required by claim 54.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
